LETTER OF TRANSMITTAL

LIBRARY OF CONGRESS,

April 13, 1898.

SIR: I have the honor to transmit for the consideration of the committee a report from Mr. P. Lee Phillips, Superintendent of Maps and Charts in the Library of Congress, containing a descriptive list of the maps and charts of Alaska and the adjacent regions—now a part of our collection.

It is believed that, aside from the newly awakened and universal interest in these northwestern countries, the report will be found to have special value because of its bearing upon the Alaskan boundary questions, now under the consideration of the Government.

Respectfully,

JOHN RUSSELL YOUNG,

Librarian.

Hon. GEORGE PEABODY WETMORE,

Chairman Joint Committee on Library,

United States Senate.
